

CURRICULUM VITAE

Latricia L. Allen, DPM, MPH

POSITION: Board Certified Podiatric Physician
Research Fellow
Interprofessional Fellowship Program in Patient Safety
James A. Haley Veterans' Hospital
Patient Safety Center of Inquiry (PSCI)

ADDRESS: 8900 Grand Oak Circle
Tampa, FL 33637-1022

PHONE: (813) 558-3956
E-MAIL: latricia.allen@va.gov

EDUCATION

1993-1998 Bachelor of Arts Biology Degree (BA) (Pre-medicine), University of Louisville, KY

1999-2003 Post-baccalaureate Program- Medicine, Finch University/
The Chicago Medical School, North Chicago, Illinois

2002-2002 College of Lake County, Grayslake, Illinois

2003-2005 Master of Public Health Degree (MPH) (Specialization-Health Services Management), Northern Illinois University, DeKalb, Illinois

POSTGRADUATE TRAINING

2005 Northern Illinois University Master of Public Health (MPH) Internship-
with Tina Starkweather, DPM- Health Services Management &
office/HIPAA compliance officer

2005-2009 Doctor of Podiatric Medicine Degree (DPM), Kent State/Ohio College of
Podiatric Medicine (OCPM), Independence, Ohio

2009-2012 Veterans Administration Medical Center-Atlanta (VAMC),
Podiatric Surgical Residency Training Program PMSR-36

2011	Bakotic Labs Dermatopathology Mini-fellowship Training Program
2012	American Foot & Leg Podiatric Clinical Preceptorship Training Program
2012-2013	Volunteer Research Fellow for Dr. Vickie R. Driver
2013-2015	American College of Foot & Ankle Surgeons (ACFAS) Recognized Clinical Research Limb Preservation Fellowship Training Program VA New England Health Care Division Providence VA Medical Center
2015-Present	Advanced Interprofessional Fellowship Program in Patient Safety Tampa VA Medical Center

HONORS AND AWARDS

2009	Ralph H. White Scholarship-Interest in Diabetic Care (OCPM)
2006	Ohio College of Podiatric Medicine (OCPM) Clement Scholarship
2005	Ohio College of Podiatric Medicine Dean's List
2007	Spring Honorable Recognition-Presidents Award Excellence OPMSA
2002	Spring Semester Honor List College of Lake County
1993	Woodford Porter Academic Scholarship-University of Louisville
1993	Meadow Heights Leadership Scholarship
1993	Alpha Kappa Alpha Leadership Scholarship

PROFESSIONAL LICENSE AND BOARD CERTIFICATION

License

2013-Present	DPM-State of Rhode Island
--------------	---------------------------

Board Certification

2009-Current	National Board of Podiatric Medical Examiners (NBPME) (Part I-III)
2012-Current	Board Certified-American Board of Podiatric Medicine (ABPM)

OTHER CERTIFICATION

2013-Current Basic Life Support (BLS) certification

2011-Current Advanced Cardiovascular Life Support (ACLS) certification

INVITED PRESENTATIONS

Recent Diabetic Foot Management Osteomyelitis Guidelines w/SVS & APMA. APWCA2014 National Clinical Conference 2014. Philadelphia, PA

Charcot Neuroarthropathy Foot Stabilization Surgical Procedures. Georgia Podiatry Medical Association Conference 2012.

Diabetes Awareness and Foot Care/Prevention. Solid Rock Missionary Baptist Church, Atlanta 2012.

Occupational Health Foot Care Presentation. American Air Filter Inc., Atlanta Employee Health Fair 2009.

Podiatry/Foot Health . Morehouse Atlanta Public Health Expo. 2007.

Mental Health Consumer Housing Needs Assessment of the Chicago Metro West Area.
University of Illinois at Chicago School of Public Health Summer Residential Enrichment
Program Student Presentation. 2002.

UNIVERSITY/HOSPITAL TEACHING ROLES AND APPOINTMENTS

2007 Ohio College of Podiatric Medical School-Teaching Assistant-
Physical Diagnosis Medicine Class

2013-2015 Attending, Podiatric Surgery, Providence VA Medical Center-

Duties include but not limited to: daily podiatric rounds, take weekly podiatry call, podiatry resident monthly case conference, resident/student clinical, surgery, and research training. Create and update residency job expectations/duty binder for 2013-2014. Clinic/administrative duties including but not limited to: completing all daily podiatry service consults, annual PAVE report, coordinating podiatry service volunteers for VA annual Stand Down Event, resident orientation, coordinating high risk patient conference, coordinate podiatry telehealth clinic, and attend monthly morbidity/mortality conference as well as participating in peer reviews. Supervision and management of busy podiatric clinic including patient care, resident, student, nurses, and support staff.

2015-Present Staff Podiatrist, Podiatric Surgery, Tampa VA Medical Center

MEDIA BROADCAST INTERVIEW

2015 Information Television Network, Inc. TV Program on Diabetic Foot for Public TV, Providence VA Medical Center, March 5, 2015; Pending broadcast on Public Broadcasting Service (PBS) 2015

RESEARCH POSITION DUTIES

2013-2015 Sub-investigator/Research Fellow-

Sub-investigator duties including but not limited to: conducting and overseeing research clinic, physical exams, phlebotomy, performing electrocardiograms (ECG), specimen processing, source document completion, electronic case report form management, interactive voice response system (IVRS) management, working closely with coinvestigators concerning research communication and collaboration for the development of current research program with hospital departments, sponsor, and institution. Interviewing/selection, supervision, and management of research staff. Writing and development of research manuscripts and poster abstracts.

2013-2015 Clinical Research Coordinator-

Responsibilities include coordination of research studies including recruitment, retention of subjects and initiation of complex clinical trial pharmacokinetic study with frequent subject visits. Complete and collect documents needed to initiate research study (e.g., FDA 1572, IRB application, Biosafety, CVs). Coordinate the creation of research clinics via CPRS, research note templates, phone script, and flyer. Responsible for scheduling research participants, administration/monitoring of study medication, lab values, and adverse event reporting according to study guidelines and assessment testing specific to study protocol. Startup clinical trials to include source document creation, consent forms, case report entry and institutional review board (IRB) documentation. Maintain/coordinate staff certification training documentation. Collaboration with PI, institution, and sponsoring agency to maintain compliance and to respond to any audit findings and implement approved recommendations. Maintenance of research supplies and inventory. Specimen processing and shipping to central laboratory. Good Clinic Practice (GCP) trained and certified.

IRB APPROVED RESEARCH

A Phase II, Randomized, Two-Part, Multicenter, Dose-Ranging Study in Adult Subjects Evaluating the Safety, Tolerability, and Efficacy of GSK2140944 in the Treatment of Acute Bacterial Skin and Skin Structure Infections caused by Staphylococcus aureus (Sub-investigator)

A Phase IV Prospective, Multi-Center, Randomized, Single-Blind, Active and Standard Care-Controlled Clinical Investigation of DermaPure™ in Patients with “Hard to Heal” Chronic, Neuropathic Diabetic Foot Ulcers with Crossover Design for Standard Care Arm (Sub-investigator)

A Randomized, Double-Blind, Multicenter, Superiority, Placebo-Controlled Phase 3 Study of Pexiganan Acetate Cream 0.8% Applied Twice Daily for 14 Days in the Treatment of Adults with Mild Infections of Diabetic Foot Ulcers (Sub-investigator)

An Interventional, Placebo-Controlled, Randomized, Double-blinded Dose comparison, Phase I/II Study to Determine the Safety and Efficacy of a New Gel Formulation of Esmolol hydrochloride (Galnobax®) for the Treatment of Diabetic Foot Ulcer (DFU) (Sub-investigator)

Data Analysis of the Study - Clinical and Economic Outcomes In Ulcers Treated With VAC Therapy As Compared To Standard Therapy Across A Continuum Of Health Care (Sub-investigator)

Data Analysis of the Study - Economic Outcomes in Ulcers Treated with Apligraf® Therapy as Compared to Standard Therapy (Sub-investigator)

Phase I Trial to Evaluate the Safety, Tolerability, Pharmacokinetics and Pharmacodynamics of Single Doses of Topical GSK1278863 in Healthy Volunteers and Diabetic Patients, and Repeat Doses of GSK1278863 in Diabetic Patients for the Treatment of Diabetic (Sub-investigator)

A Phase 2, Multicenter, Randomized, Double-Blind, Placebo-Controlled, Dose Range Finding Study to Evaluate the Efficacy and Safety of Intramuscular Injection of Human Placenta-Derived Cells (PDA-002) in Subjects who have Diabetic Foot Ulcer (DFU) with Peripheral Arterial Disease (PAD) (Sub-investigator)

A Clinical and Cost Effective Outcomes Analysis of Lower Extremity Major and Minor Amputations in High Risk Veteran Patients (**Co-Principal Investigator**)
